

ACTA BOTANICA NEERLANDICA

OFFICIAL PUBLICATION OF THE
KONINKLIJKE NEDERLANDSE BOTANISCHE
VERENIGING

(Royal Botanical Society of the Netherlands)

Volume IV

1955

NORTH-HOLLAND PUBLISHING COMPANY
AMSTERDAM

Dates of Publication:

No. 1 (pp. 1-160) issued 12 May 1955

No. 2 (pp. 161-320) issued 4 August 1955

No. 3 (pp. 321-484) issued 1 October 1955

No. 4 (pp. 485-574) issued 21 October 1955

No. 5 (pp. 575-689) issued 30 December 1955

CONTENTS

W. H. ARISZ, I. J. CAMPHUIS, H. HEIKENS and A. J. VAN TOOREN: The Secretion of the Salt Glands of <i>Limonium latifolium</i> Ktze	322
J. A. VON ARX and EMIL MÜLLER: Über die Gattungen <i>Delitschia</i> Auersw., <i>Trichodelitschia</i> Munk und <i>Cainia</i> Nov. Gen.	108
———: Über die Gattungen <i>Selinia</i> Karst. und <i>Seliniella</i> Nov. Gen. und ihre phylogenetische Bedeutung	116
N. P. BADENHUIZEN: Distribution of Acid Phosphatase and Phosphorylase in Relation to Starch Production	565
A. C. BOER: Plant Succession on Former Tidal Lands in the Northeastern Polder	161
B. K. BOOM: Notes on Cultivated Plants	167
C. E. B. Bremekamp: The Correct Binomial for Rumph's "Folium Tinctorum"	656
———: Notes on some Acanthaceous Genera and Species of Controversial Position	644
C. H. BRUMMER-DINGER: Notes on Guiana <i>Droseraceae</i>	136
A. CARLIER and K. BUFFEL: Polysaccharide Changes in the Cell Walls of Water Absorbing Potato Tuber Tissue in Relation to Auxin Action	551
L. CHALK, E. B. MARSTRAND and J. P. DE C. WALSH: Fibre Length in storeyed Hardwoods	339
E. W. CLASON: <i>Montia fontana</i> in Nederland.	242
C. A. CLAUSING (Née Melchior) and W. K. H. KARSTENS: Observations on the Proliferation of Stem Pith Parenchyma in Vitro. III: Growth and Development of Excised Stem Pith Cylinders of <i>Sambucus nigra</i> L. var. <i>pendula</i> Dipp.	193
K. ESAU and V. I. CHEADLE: Significance of Cell Divisions in Differentiating Secondary Phloem	348
A. FREY-WYSSLING: The Phloem Supply to the Nectaries	358
FR. DE GRAAF: Contribution to our Knowledge of Dutch Freshwater Algae. I	637
C. DEN HARTOG: A Classification for the Epilithic Algal Communities of the Netherlands' Coast	126
A. M. HARTSEMA and I. LUYTEN: Early Flowering of Dutch Irises "Imperator" V. Light Intensity and Daylength.	370
T. H. VAN DEN HONERT and J. J. M. HOOYMANS: On the Absorption of Nitrate by Maize in Water Culture	376
T. H. VAN DEN HONERT, J. J. M. HOOYMANS and W. S. VOLKERS: Experiments on the Relation between Water Absorption and Mineral Uptake by Plant Roots	139
B. HUBER und W. VON JAZEWITSCH: Zur Entwicklungsphysiologie der <i>Prunus</i> -Rinde.	385
G. VAN ITERSON JR.: Some Examples of Unusual Orientation of Vascular Strands in Dorsiventral Leaves	389
A. M. E. JONKER-VERHOEF and F. P. JONKER: Notes on the Marantaceae of Suriname	172
C. KALKMAN: A Plant-Geographical Analysis of the Lesser Sunda-Islands	200
W. K. H. KARSTENS: Observations on the Proliferation of Stem Pith Parenchyma in Vitro. I: General Introduction.	183
L. C. P. KERLING: Reactions of Elm Wood to Attacks of <i>Ophiostoma Ulmi</i> (Buism.) Nannf.	398
Z. KULESCHA: Action de l'hydrazide maléique sur la teneur en auxine des tissus de topinambour cultivés en présence de diverses substances de division.	404
H. J. LAM: Comments on two Charts Relative to the Phylogeny of the Cormophyta, with some Remarks of a General Nature.	410
J. LANJOUW: In Memoriam Prof. Dr. A. A. Pulle	157

J. G. MEIJKNECHT: On the Ideal Value of Varying Characters	273
E. G. MULDER: Effect of Mineral Nutrition of Potato Plants on Respiration of the Tubers	429
F. E. NIJDAM: L'analyse morphologique des caractéristiques agricoles des variétés	452
S. J. VAN OOSTSTROOM: In Memoriam Dr. P. Jansen	485
A. QUISPTEL: Symbiotic Nitrogen Fixation in Non-Leguminous Plants. III. Experiments on the Growth in Vitro of the Endophyte of <i>Alnus</i> <i>Glutinosa</i>	671
C. A. REINDERS-GOUWENTAK: The Storied-Structure-Features and the Tax- onomic Rank of the Leguminous Taxa	460
P. SEVENSTER and W. K. H. KARSTENS: Observations on the Proliferation of Stem Pith Parenchyma in Vitro. II: The Internal Structure of Stem Pith Cylinders of <i>Helianthus tuberosus</i> L. Cultivated in Vitro	188
M. J. SIRKS: A Genetical Puzzle	471
D. H. M. VAN SLOGTEREN: Gel Diffusion of Tobacco Mosaic Virus, Demon- strated by Serological Analysis of its Components and by Electron- microscopy	474
E. VAN SLOGTEREN: Preface	321
J. L. VAN SOEST: <i>Taraxacum Sectio Vulgaris</i> Dt. in Nederland I	82
C. G. G. J. VAN STEENIS: Reduction of the Genera <i>Schizopremna</i> Baill. (Verb.) and <i>Worcesterianthus</i> Merr. (Olacac.)	477
D. STEGWEE: Some Aspects of Purine Metabolism in Mutants of <i>Ophiostoma</i> <i>multiannulatum</i>	575
J. H. VENEKAMP: The Metabolism of Amides and Amino Acids in etiolated seedlings of <i>Lupinus luteus</i> L.	487
P. VERMEULEN: <i>Epipactis helleborine</i> , a Problem of Nomenclature	226
E. C. WASSINK and J. H. WIERSMA: Daylength Responses of some Forest Trees	657
F. W. WENT: Plant Growth under Desert Conditions	481
W. VAN ZEIST: Pollen Analytical Investigations in the Northern Netherlands	1
INDEX	690

ERRATUM

p. 428. The present 9th line from the top:

'geological levels (why not seven, including the present and best known one?)'

should have been placed at the top of p. 428.
